- You must pick up bees on the designated day and according to the pick up schedule posted on the blog.
- Always wear protective clothing, gloves, veil, and use a smoker when near or working the bees. No bee suit is sting proof.
- It is the responsibility of the beekeeper to watch for aggressive behavior of the bees. If the bees are aggressive, they must be re-queened immediately. Bees should not be located on small residential lots near people or animals.
